A Design Systems  
Corporate Update

OCTOBER 2010

## Design Systems, Inc. is proud to announce Dr. Alexander Jittu

### As our new Paint, Process & Controls Engineering Group Manager

We are pleased to welcome Dr. Alex Jittu to Design Systems, Inc. Alex brings over 28 years of engineering and manufacturing experience from around the world. Dr. Jittu is a registered P.E. and will manage the Paint, Process & Controls Engineering Group at our Headquarters in Farmington Hills, Michigan and the office in Windsor, Ontario.

Alex possesses experience in many industries and his addition to DSI will enhance our award winning engineering services to our customers. Alex's expertise will be an asset in our newer service offerings such as; engineering solutions for energy management, energy optimization implementation, detection and solutions for energy waste, environmental compliance evaluation, machine safety compliance evaluation and correction, arc flash analysis and mitigation.

For more detail about Design Systems and the services we offer please visit our website at [www.dsidsc.com](http://www.dsidsc.com).

Please join us in welcoming Alex to the DSI Team.

You can contact Alex at:  
ajittu@dsidsc.com  
248-489-4300 ext.2338

Sincerely,  
Design Systems, Inc.
