Manufacturing Engineering and Consulting

SCHEDULE MANAGEMENT

Schedule Management

The adage, "If you fail to plan, you plan to fail", has proven itself all too well repeatedly, in the implementation of manufacturing capital projects. All projects require planning, whether they are small weekend change over projects or large multi-million dollar new plant construction projects. DSI's scheduling team, led by a Project Management Professional, can provide you the tools and services to successfully manage your next project.

Specialty Services

- Project / Program Life Cycle Reports.
- Set up and maintenance of project / program management offices (PMO).
- Macro level product launch milestone schedules.
- Master Program Planning.
- Earned Value (EV) Project Reporting systems.
